

INNER PEACE & TRANQUILITY

About this orgone

An orgone device is a substance made of resin, metals and quartz that strengthens your body's energy field, helping to protect you from negative energy and EMFs. Crystals work by exposing your energy body to a certain healing frequency, until your natural frequency is raised to resonate with the crystal's.

Crystals

Quartz: Its metaphysical purposes are vast, from helping to expand consciousness to facilitating open communication and stimulating the chakras. For those needing clarity of mind, clear quartz healing properties will eliminate energy blockages and allow energy to flow smoothly throughout the body.

Fancy Jasper: Fancy Jasper is a wonderful stone for bringing wholeness and healing to an environment or situation. It is said to intensify and lighten feelings of well-being, helping you to lighten up and enjoy yourself more. It can also relieve fear, guilt and frustration, building inner strength and confidence.

Citrine: Citrine is also a manifestation crystal that can motivate you to take action. It brings optimism and cheerfulness. Citrine is a good stone for aligning all the chakras (energy centers). It focuses on balancing the solar plexus chakra, which in turn integrates the lower and higher chakras.

Other Material

Copper: Copper is known as the lucky metal, as well as the healing metal. It is the conductor of the spiritualist's belief system. Copper conducts spiritual energy back and forth between individuals, crystals, auras, the mind and the spirit world. Any stone with Copper, in or around it, is said to have enhanced properties.

Additional metals such as aluminum, steel or brass are often included. Decorative rocks, sand or colored powders are often added to create a unique design.
